The screenshot shows the PubMed website interface. At the top, there's a navigation bar with 'NCBI Resources' and 'How To'. The search bar contains 'stomach cancer'. Below the search bar, there are options for 'Create RSS', 'Create alert', and 'Advanced'. The main content area displays search results for 'stomach cancer', with a large blue text overlay reading '有条理，追求完美' (Organized, Pursuing Perfection). The results are listed in a numbered format, including titles like 'Fluorescence imaging of spatial location of lipids and proteins during digestion of protein-stabilized oil-in-water emulsions...' and 'Optimization of chitosan nanoparticles for colon tumors using experimental design methodology...'. On the left side, there are several filter categories: 'Article types', 'Text availability', 'PubMed Commons', 'Publication dates', and 'Species'. On the right side, there's a 'Filter your results:' section with a list of filters such as 'All (99423)', 'CAMS & PUMC Library (42114)', 'f1000r (0)', 'F1000 (296)', 'Meta-analysis (874)', 'Review (9243)', 'Systematic Reviews (1560)', and 'lens (4531)'.
